

Instructions / Installation instructions C-Trap

C-TRAP

for monitoring the presents of

- German cockroaches (*Blattella germanica*)
- Oriental cockroaches (*Blatta orientalis*)

Use:

A glue trap with attractant for the presence of cockroaches.

A discreet, highly effective and specialized monitoring trap with attractant for luring and capturing German cockroaches and oriental cockroaches.

To be set up directly on the surface or in a casing.

For a good effectiveness the correct placement and the corresponding frequent replacement is necessary.

The trap does not contain any potentially dangerous substances.
